

THE SAFEST DESCRIBE IMAGE TEMPLATE

You can use this structure for all image types (bar, line, pie, map, process):

Template:

The image illustrates what the image is about.
Overall, it is clear that main trend or main idea.
Looking at the details, one key feature is noticeable, while another important feature can also be observed.

Overall, this image provides information about topic again

.

You must adjust words based on the image, but keep the structure.
